

Guests are individuals who decide to purchase and use products personally under their own guidance. It is very important these purchasers understand all Cautions and Contra-Indications for the product's use as identified in the Research & Info section of this website and must acknowledge acceptance of these Cautions and Contra-Indications at time of purchase. Guests may purchase by providing billing and shipping information without need of registration. Payments for Guest Purchases may be provided by use of PayPal, or Visa/MasterCard credit cards accounts. Please contact us at the Support Tab on the website: www.mdsystems.com

A contraindication is a specific situation in which a drug, procedure, or surgery should not be used because it may be harmful to the person.

Cautions & Contraindications for use of DynX Exercise protocols are: heart or circulatory conditions which would prohibit the use of any cardio exercise training equipment. Heart valve issues, aneurisms, irregular heart rhythm problems are examples. Arthritis, carpel tunnel, pain from skeletal damage or tendonitis are reasons to avoid use of these or other similar hand-arm exercise regimens without physician authorization.

Thank you,
